Shirakawa-go World Heritage Site, Historic Village

Shirakawa Village is a typical mountain village, surrounded by mountains.

In the "World Heritage Area", gassho style houses built from around 1800 still stand to this day. In this area, even now, the people continue going about their daily lives, surrounded by the unique and beautiful scenery.

You can also download a walking map detailing the gassho style village from the Shirakawa-go Tourism Association's website.
